## **PERSONAL SUMMARY**

A Bram Stoker Award nominated-novelist, short story writer, independent screenwriter, former podcaster, and inventor of the Drabble Novel, Jake entertains thousands with his horror, sci/fi, thriller, and adventure tales. An Active member of the International Thriller Writers, Jake reaches audiences of all ages with his uncanny ability to write a wide range of characters and genres, from zombies to SpecOps, space opera to YA horror.

Jake is the author of over sixty published novels including the bestselling *Z-Burbia* series, the bestselling *Salvage Merc One*, the bestselling *Roak: Galactic Bounty Hunter* series, the fan favorite hit *Team Grendel/Mega* series, and his original post-apocalyptic mech/zombie mash-up, the *Apex Trilogy*, all for Severed Press. His other novels include the YA zombie novel, *Little Dead Man*, the Bram Stoker Award nominated YA horror novel, *Intentional Haunting*, the middle grade sci-fi/horror series, *ScareScapes*, and the historical fiction/space opera mash-up series, *Reign of Four*, for Permuted Press, as well as *Stone Cold Bastards* and the *Black Box Inc.* series for Bell Bridge Books.

Jake built a large and loyal following early on by podcasting his first novel, *DEAD MECH*, for free in 2009. Jake's readership has grown into the tens of thousands since then, growing everyday with his activity on Facebook and Twitter as well as his writing website where he releases a free drabble each Friday.

Born and raised in the Pacific Northwest, Jake currently lives in Asheville, NC with his wife and two kids (well, one is attending college. Go Tarheels!), enjoying the mix of the eclectic attitude of the area and good ol' Southern hospitality. He really wishes the tourists would go away, though.
